Dear All

Re: COVID-19 Guidance from 1st April 2022

From 1 April, updated guidance will advise people with symptoms of a respiratory infection, including COVID-19, and a high temperature or who feel unwell, to try stay at home and avoid contact with other people, until they feel well enough to resume normal activities and they no longer have a high temperature. Until 1 April individuals should continue to follow the current guidance.

From 1 April, anyone with a positive COVID-19 test result will be advised to try to stay at home and avoid contact with other people for five days, which is when they are most infectious.

Children and young people who are unwell and have a high temperature should stay at home and avoid contact with other people, where they can. They can go back to school, college or childcare when they no longer have a high temperature, and they are well enough to attend.

Yours sincerely

Neil S Morris
Headteacher
